```
    Currently in .NET Framework, why move to .NET Core
x  Plans for support for Visual Basic
x  WebForms in .NET Core
x  How much longer will WPF be a good idea
   Notable companies using .NET Core in the Enterprise
        Take back as a blog post idea
x  What's most exciting to me in .NET Core 3
x  What's the RoadMap beyond .NET Core 3
x  When should you not go to .NET Core
-  Roadmap for Windows
x  What will happen with the .NET Framework
x  Migration path for WinForms applications
x  How do you become an MVP
   I'm going to tell you about .NET Standard
   Are our version numbers confusing?
```
